To Whom It May Concern:

My name is Vikki Sutherland. I am a Chiropractor and have had a private practice in California for 15 years. For years I practiced using only chiropractic manipulation, ultrasound, and massage.

I have been using NMT since October of 2002 as taught by the use of the NMT seminar manual, and had amazing results. NMT is only taught by the seminar manual and without this manual, there would be no NMT as the wording is the main key to the success of NMT.

I have found NMT to very useful in treating my patients, sometimes incredibly so. A few examples of treating with NMT only are:

- lowering blood pressure in several visits without medications or supplements
- one treatment relieving a person's hemorrhoids
- repeatedly helping patient to stop colds or the flu in 1-2 days
- one little boy could not eat wheat without getting diarrhea – relieved after 1 treatment
- one little girl who refused to talk, after one session started talking to everyone
- one patient with severe, chronic shoulder pain where he couldn't even hold his arm overhead, 70% better in 4-5 treatments (he had been considering surgery)
- one woman who had broken her foot 3 times with constant pain, walked all over Europe pain free after 2 treatments

I could go on and on regarding the value of using NMT in my practice, and all the success stories. Many of these patients had been to many other practitioners, including MDs, Chiropractors, Acupuncturists, and Physical Therapists to no avail. NMT was the technique that helped them the most.

If I can be of any assistance, please contact my office.

Sincerely,

Vikki Sutherland, DC
